**Claimant:** **Ing. Peter Onuščák**, born Onuščák, born: 29.11.1966,  
permanent residence: Kuzmányho 47, 040 01 Košice, Slovakia, e-mail: ponuscak@kickboxing.sk  
(*hereinafter referred to as the „Claimant“*),

**A.**

**Art. I**

You are certainly aware that in the last 30 years I have been working in Slovak kickboxing as well as working in the SKU (*as a national team coach*), and also the president of the SKU (*in the years 2007 – 01/2024, i.e. until the time of the Extraordinary General Assembly of the SKU*).

On the personal side, but even more so on the professional side, I am sorry and cannot identify with the overall direction of the SKU over the past two years, and that (*also*) for the reasons listed below:

Apart from the personally targeted constant and purposeful attacks on my person by (*various bodies and officials*) of the SKU conducted after the change of the „management“ of the SKU starting from 01/2024 (*the aforementioned Extraordinary General Assembly of the SKU*), a situation has already arisen over time that I have decided to address with this filing - a Claim to initiate disciplinary proceedings against the SKU, in view of the facts listed below:

**I received The notification about the initiation of disciplinary proceedings of the SKU dated 2025/10/09 (hereinafter referred to as „SKU decision I“) in my personal email (onuscak@kickboxing.sk) in its „scan“ form as spam;** I only found out about this „filing“ against me by SKU on 2025/12/23, when I was delivered the third „SKU decision“ in this matter (*see below*), and I checked my entire mailbox, both in the „junk mail“ and in the „spam“ section; I note that the SKU

decision I has not yet been properly delivered to me by mail in writing, nor in person, nor by electronic delivery through the „slovensko.sk“ portal.

**Evidence: SKU decision I**

**I received The resolution on the termination of the disciplinary proceedings of the SKU dated 2025/12/07 (hereinafter referred to as „SZKB decision II“) in my personal email (onuscak@kickboxing.sk) in its „word“ form as spam; I also learned about this „filing“ against me by SZKB only on 2025/12/23 (see above); I note that SKU decision II has not yet been properly delivered to me by post in writing, nor in person, nor by electronic delivery through the „slovensko.sk“ portal.**

**Evidence: SKU decision II**

**I received The resolution on the imposition of disciplinary sanctions and punishments of the SKU dated 2025/12/22 (hereinafter referred to as the „SKU decision III“) in my personal email (onuscak@kickboxing.sk) in its „scan“ form as inbox; after this „submission“ against me by the SKU, I got the information on 2025/12/23, as well as about the SKU decision I and the SKU decision II; I note that SKU decision III has not yet been properly delivered to me by post in writing, nor in person, nor by electronic delivery through the „slovensko.sk“ portal.**

**Evidence: SKU decision III**

**Art. II**

On 2026/01/06, I addressed an email to the SKU, where I briefly and objectively described my „opinion“ regarding the „sanctions and punishments“ allegedly imposed on me under the title of „exit from the alleged“ disciplinary proceedings resulting from the SKU decision I, SKU decision II and SKU decision III (hereinafter together referred to as „**SKU disciplinary decisions**“) against the Claimant.

**Evidence: e-mail of the Claimant addressed to SKU dated 2026/01/06**

On 2026/01/07, I received a return email from the president of SKU, in accordance with the content of which (among other things) it follows that „**the executive committee of SKU considers the adopted resolution (understand the content of the statement of the SKU decision III) to be legal, valid and effective**“.

**Evidence: SKU email addressed to the Claimant dated 2026/01/07**

On January 8, 2026, I sent an email to SKU, in accordance with the content of which I am asking the president of SKU to „**publish all relevant and delivered documents of this „disciplinary proceeding**““.

**Evidence: e-mail of the Claimant addressed to SKU dated 2026/01/08**

Nobody from SKU has yet responded to my other email, not even partially.

### Art. III

On February 14, 2026, a member of the Executive Committee of SKU – *PhaermDr. Erik Kovacs* (hereinafter referred to as „**Mr. Kovács**“) addressed me an email, in which he „reacts“ on behalf of SZKB to the alleged threats presented by me to SKU itself, mentioned in the article "Košice online".

#### **Evidence: SKU email addressed to the Claimant dated 2026/02/14**

On February 15, 2026, I replied to the SKU email addressed (to me as) the Claimant dated February 14, 2026 with a letter dated February 15, 2026 (sent both by email and post), where I asked SKU to clarify to me „what I should be doing to harm the union, and thereby commit an illegal act against the SKU“.

#### **Evidence: letter/e-mail of the Claimant addressed to SKU dated 2026/02/15**

On February 16, 2026, I received an email from SKU, the content of which does not require any comment for a judicial person.

#### **Evidence: SKU email addressed to the Claimant dated 2026/02/16**

Since I did not receive any relevant response from SKU regarding my letter addressed to SKU dated February 15, 2026, I wrote to SKU my further request in this matter.

#### **Evidence: letter/e-mail of the Claimant addressed to SKU dated 2026/03/04**

In this context, **I allow myself to state** that I **have not received any relevant answer from SKU so far**, and **I am not aware** that **I would** in any way **disparage SKU itself** by my action/inaction, **its officials and members**; on the contrary, **according to the information available to me**, **SKU** should **in the near future „finally“ exclude me as a member of SKU, a coach**, but also **„accept the collective guilt“ of my club GUARD Steel Trans Košice**, i.e. I am trying to avoid the situation that the entire team of members in my club will „stop“ with this action, which will also prevent them from their sports career.

I took the liberty of stating the above facts above in order to „outline“ the way in which the SKU itself communicates with me on purpose for the past two years; from my point of view, it is **not possible** to solve anything with SKU, to get relevant information, to speak to anything at all, to **solve anything with SKU constructively** - so **I guess that**, taking into account the overall actions of SKU, including the actions towards me as its member, **our union is consciously in total institutional decay**.

#### **B.**

In accordance with sec. Art. 2.1. letter m) of the WAKO Disciplinary Code:

**„The following natural and legal persons are subjects to the application of the Code under the terms herein established (hereinafter referred to as the „Subjected Parties“) ... any person or any entity affiliated to a Member.“**

In accordance with sec. Art. 2.1. letter l) of the WAKO Disciplinary Code:

„**The following natural and legal persons are subjects to the application of the Code under the terms herein established ... all Athletes, Coaches and technical and support personnel.**“

In accordance with sec. Art. 2.2. letter b) of the WAKO Disciplinary Code:

„**The provisions of this Code shall apply to the above-mentioned Subjected Parties whenever an offense, a breach and/or a violation as provided under Article 1 above is committed during.. Any activity organised by WAKO, by a Continental Federation of WAKO or a member of WAKO.**“

In accordance with sec. Art. 6.3. first sentence m) of the WAKO Disciplinary Code:

„**Pending the resolution of a disciplinary matter, the WAKO President or the Chairman of the DEC may impose a provisional suspension on those concerned until case is dealt with by the DEC.**“

In accordance with sec. Art. 17.1. first and second sentence of the WAKO Disciplinary Code:

„**The proceeding under this Code is initiated by written notification (or by e-mail) to the DEC by the petitioner (the „Claimant“). This request has to be filed within three months after the day of knowledge of the infringements sanctioned under this Code.**“

In accordance with sec. Art. 17.2. first sentence of the WAKO Disciplinary Code:

„**The Complain must be accompanied by a non-refundable \$500 (or the equivalent amount in Euro).**“

In accordance with sec. Art. 17.16. second sentence of the WAKO Disciplinary Code:

„**Notice (... of the decision ...) will be sent to those concerned in such manner that receipt can be proven.**“

**C.**

In the sense of the above (*among other things*), **I therefore consider** that the **relevant SKU disciplinary decisions** against me as the Claimant of this proceeding are **in violation of generally binding legal regulations**, as well as **in violation of special legal legislation (in the area of sports law), as well as with WAKO's internal regulations/rules (WAKO Statute, WAKO Code of Ethics, etc.)** - only explicitly because of their failure to deliver properly recommended to (*my*) own hands as „the alleged offender in the given disciplinary proceedings“; I consider the mentioned behavior of the SKU (*via e-mail communication*) to be slanderous, discriminatory, suppressing my person and inappropriate for the behavior of the official representatives of the SZKB, and dishonoring the entire union as the national federation of this sport; **I hereby take the liberty of submitting**

### **CLAIM**

**to initiate disciplinary proceedings against SKU,**

as against me as the Claimant of this action (on the basis of the above-mentioned information), this institution is acting contrary to WAKO's internal regulations, making it impossible and preventing me from properly exercising my rights as a member and trainer of WAKO, and with this action it is economically liquidating my person, my family and my business (which is my only economic income).

In connection with the fact that the SKU itself considers the SKU disciplinary decisions to be legal, valid and effective, and proceeds according to them against my person, I take the liberty of submitting the following

### CLAIM

to initiate LEGAL MEASURE of a PRELIMINARY NATURE

*(within this disciplinary procedure) against SKU,*

whereby your organization provisionally suspends the effectiveness and enforceability of the disciplinary decisions of the SZKB in relation to me, until the time when (this) disciplinary procedure is legally concluded.

D.

You probably know that I am the father of 4 small children who have been involved in kickboxing since childhood (and some of them also actively race); for me personally, devoting myself to this sport is a life mission, and I try to make (not only) for my children a role model not only in sports, but also in life - if I were to give up this „struggle“ given the above, I can't imagine how I could go on in my life ahead with my head held high, knowing that when the time came, I did not do everything I could and should have done at that moment.

I will provide more detailed facts, documents, evidence and information to Your organization according to Your requirements in this matter - I will pay the fee for submitting this Claim at your request; at the same time, I would like to request that my submission addressed to Your organization dated February 26, 2026 be attached to this matter.

Respectfully and sincerely,

Ing. Peter Onuščák, the Claimant
